

Payment and Financing Information

Most insurance companies consider NearVision CK to be an elective procedure, therefore it is not covered under basic health or vision plans. Because Indiana LASIK Center does not want finances to get in the way of seeing a brighter future, patients are offered many payment options. These options include financing with low monthly payments through CareCredit. Patients may apply either on line at www.carecredit.com or via phone at 1-800-365-8295.

If your employer offers a flexible benefits plan, you may be able to pay for the procedure with pre-tax dollars through a health care spending account (Flex Plan).

Financing must be approved and full payment made prior to the day of surgery.

DISCOUNTED RATE

If you choose to pay cash, check, money order, or major credit card you will earn a discounted rate for the procedure.

For more information about financing or pre-approval, please contact our office at 1-877-664-2499.
